

Immanuel Guidelines*
Approved by Council
June 8, 2021

1. Masks at worship are no longer required for those who are vaccinated starting Sunday, June 13.
2. Those who are NOT vaccinated or have not completed the two shot cycle are HIGHLY recommended to wear a mask for your safety and that of others.
3. All seating will be open - except for seating in the Balcony and the Hemgrem Room which will be reserved for those who desire to wear masks and social distance.
4. The number of people who may attend in-person worship is open and unlimited. Sign up is not required to attend.
5. The Hospitality Bracelets (red, yellow and green) will remain as a way to honor and observe social distance among us.
6. The ushers will manage the dismissal of rows for communion so that we do not have groups of people standing in a close line for communion. Hand Sanitizer will be provided for those who commune. Communion servers will wear gloves and masks.
7. The offering plate will remain at the back of the sanctuary for people to place their offerings into.
8. **Those with immune suppressing medications and cancer treatments might check with their doctors regarding their vaccinations and their immunity. It has been shown that even with vaccination, this group of people may not build antibodies to the virus and could still be at high risk for the virus and serious complications.**
9. If you are sick or experiencing fever, cough or shortness of breath, please stay home.
10. Online worship will continue both live and recorded.

*These guidelines may be revised as the council continues to review Missoula County Health Department guidelines and local and state case numbers.
